

Product Compliance Certificate

Certificate Number: 3171507C150001-02A

Certification is based on the type testing according to below named standards and production is monitored by an Initial and Annual Follow up Inspection Service.

Notice to Authorities:

This certificate indicates that a third party Accredited Body has tested and verified that the products listed comply with the relevant harmonized standards to directives listed on this certificate. The manufacturer may indicate compliance to said directive by signing a Declaration of Conformity to products identical to the tested samples.

In addition, annual factory inspection has been performed for further verification of compliance. Intertek requests all whom may be concerned to allow products entry into the European market without delay or prejudice. The applicant may rightfully use this certificate to mark their products with the ETL^{EU} mark identified above.

Intertek is a leading international provider of quality and safety services to a wide range of global and local industries. Intertek's laboratories are included in IECEE CB scheme as operational CBTL and hold several local accreditations.

Product Name

Large format scanner

Model Number(s)

WT36DS-***, WT36 - ***, WT44 - ***, WT48 - ***

Description

WT44 is identical to WT36 except larger dimensions of enclosure and weight.
WT48 is identical to WT44 except software variation for scanning of larger paper sheets up to 48 inches.
WT36DS is identical to WT36 except there are double camera units in WT36DS. And WT36DS is powered by two external 24 V power supplies, same model as for WT36 / WT44 / WT48.

The stars in the type designation stands for software variations of the scanner, for example colour mode or scan speed. All the electrical and mechanical remains the same, except the dimensions.

Test Report No

2222602KAU-001
2222602KAU-001a

Standards/Directives

IEC 62368-1:2014
E DIN EN 62368-1-100:2014-09 (CENELEC modifications are included)

Issued Date

April 06, 2017

Validity

January 27, 2020

Maximum 5 years or the validity limitation of the standards/directives used, whichever is sooner.

If the product is to be marketed in different European countries, it must be provided with a certified plug appropriate for each country. Safety related parts of the user instructions shall be written in a language acceptable to the country where the product is to be used.

This certificate, which includes production control, is considered to constitute sufficient support for an EC Declaration of Conformity and CE marking of the product according to the Low Voltage Directive 2006/95/EC. Other EU directives may apply.

Bernhard Miedtank

This certificate is for the exclusive use of Intertek's Client and is provided pursuant to the Certification agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this Certificate. Only the client is authorized to permit copying or distribution of this Certificate and then only in its entirety. Use of Intertek's Certification mark is restricted to the conditions laid out in the agreement and in this Certificate. Any further use of the Intertek name for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. Initial Factory Assessments and Follow up services are for the purpose of assuring appropriate usage of the Certification mark in accordance with the agreement. They are not for the purpose of production quality control and do not relieve the Client of their obligation in this respect.
