

Image Access exhibits at PRINTING United Expo in Dallas

Wuppertal – September 30, 2019

Image Access will exhibit at the PRINTING United Expo at the Convention Center in Dallas, Texas from October 23 to 25, 2019 in booth 4323.

PRINTING United is a new trade show built on the strong foundation of the former [SGIA Expo](#). PRINTING United, presented by the Specialty Graphic Imaging Association, will feature the latest solutions for apparel, graphics/wide-format and functional printing applications, on over 720,000 square feet of exhibition space with over 600 exhibitors.

Visit Image Access at the show and see the full range of wide format scanning solutions. Attendees will have the opportunity to explore new markets and opportunities and experience Image Access scanners in action. The [WideTEK® 36ART](#) and the [WideTEK® 25](#) flatbed scanner will both be scanning in the unique 3D scanning mode, which captures the texture of surfaces so perfectly that the scan on a screen looks like the real thing: This functionality is particularly interesting to professionals in the textile print industry segment at the Expo. The [WideTEK® 60CL](#) sheet feed scanner and the [Bookeye® 4 V2](#) overhead book scanner round out the wide range of solutions exhibited for the printing industry.

In addition to exhibiting at the show, Image Access will also join our partners in three groups convening in Dallas at the same time. The [RMX Network](#) of independent digital print service providers (PSPs), the [Reprographic Services Corporation \(RSA\)](#) and the Association of Printing and Data Solutions Professionals (APDSP) will all conduct convention meetings at which Image Access will participate and sponsor. These networks are the perfect opportunity to reconnect with friends in the reprographics industry from across the United States and Canada, many of whom are already scanning with Image Access WideTEK® and Bookeye® products.

We hope to see you at [PRINTING United](#) or one of the three convention meetings. Be sure to get your complimentary VIP pass to the Expo, using the promo code 712461 and visit us at [booth 4323](#).

About Image Access

Image Access is the technology leader in the large format scanning market and offers products in all large format segments: Bookeye® overhead scanners for valuable books more than A1 in size, WideTEK® ART non-contact fine art scanner for formats up to 36 x 60 inches, WideTEK® flatbed scanners for formats greater than A2 / 25x18.5", WideTEK® sheet feed scanners for documents between 36", 48" and 60", 36" duplex scanners for high volume production of double sided scans and WideTEK® MFP Solutions.
